## *Principal*

The student body of Las Vegas High School is fortunate in having John B. Anderson as principal to direct the school policies for the benefit of all students. We are grateful for his friendship and guidance in this first full year in the new Las Vegas High School.

Round Up Staff  
Las Vegas High School

Congratulations to the 1950 Round Up Staff! From the observations I have made of the planning of the annual, you have certainly surpassed any of the previous editions in beauty, and cleverness in working out the theme.

This year has been outstanding in all of the student activities, as well as in the excellence of classroom performance. To each and every one of you who has contributed to this success, my very best wishes.
